Profile

A highly motivated **Laravel Developer** with a strong foundation in back-end development and experience in building and managing web applications. Proficient in **Laravel**, **PHP**, and **MySQL**, with a focus on developing scalable solutions and creating efficient, well-structured code. Adept at working in collaborative environments, solving problems, and contributing to meaningful projects. Eager to continue growing in **web development** and contribute to real-world projects.

Education

2021 – present Ahmedabad, India	**B-TECH (IT)** *Silveroak University*
2019 – 2021 Ahmedabad, India	**HSC** *Sahjanand Vidhyalay*

Skills

Web Technologies:
HTML, CSS

Programming Languages
Laravel , PHP , Javascript

Database Management
MySQL

Framework & libraries
React JS

Tools
Visual Studio Code, DBeaver

Operating Systems
Windows

Version Control
Git

Analytical Skills
Comfortable utilizing analytical tools and methods, including SEO analytics, Google Analytics, and performance tracking

Projects

Weather
Developed a web app to display real-time weather data using a weather API (e.g., OpenWeatherMap). Users can search by city to view current temperature, humidity, wind speed, and more. Built with HTML, CSS, and JavaScript, featuring a user-friendly interface for quick weather updates.

Notes Web
Built a user-friendly web app for creating, editing, and deleting personal notes. Utilizes localStorage for data persistence, enabling notes to be saved across sessions. Implements core CRUD functionality and lays groundwork for future features like categorization, search, and cloud storage integration.

Work Experience

2024/08 – present	**Neaurosky Technology** *Contributing to an existing web application using Laravel, focusing on enhancing features and functionality. Responsibilities include implementing user authentication, optimizing database interactions with MySQL, and ensuring responsive front-end design with Tailwind CSS and Bootstrap. Collaborate with the development team to maintain code quality and meet project deadlines.*
